Product Specification

With the popularity of the Jeep Wrangler JK 4" kit (OMEJK4), ARB 4X4 Accessories is happy to announce two more 4" kit options. Now available with OME Adjustable Front and Rear Control Arms.

ARB has offered an Old Man Emu 4" kit with the OME Sport Shock Absorbers or with OME BP-51 High Performance Bypass Shock Absorbers for several years now. With the introduction of OME Adjustable Control Arms for the Jeep Wrangler JK last year, ARB has created these new 'Premium' kits that will supply all the components of the OME 4" kits with a complete set of adjustable front and rear control arms (upper and lower).

Wrangler owners now have an easy, one part number option for a complete solution, whether that is outfitting their rig with OME Sport or BP-51 Shock Absorbers.
