

# NEW PRODUCT ADVICE

**Description:** Roof racks

**Application:** Toyota FJ Cruiser

**Part No:** Please contact us

## Features:

- Round steel tube construction for maximum strength and aerodynamics
- Shot blasted and precoated in a zinc rich primer with zinc plated mounting legs
- Finished in a durable Millennium grey powder coat, which, when combined with zinc coating, provides more than 1,000 hours of salt spray resistance – far in excess of industry standards
- A unique mounting system that employs a full-length support channel that evenly distributes weight along the full length of the vehicle
- Two length options available
- Your choice of conveniently spaced cross bars or a fully welded steel mesh floor
- Exclusive to ARB, a wind deflection panel that reduces interior noise when driving at highway speeds
- Easy to install and remove, courtesy of a practical mounting system
