FOR IMMEDIATE RELEASE

4th Generation 4 Runner ARB Roof Racks ***After years of waiting, ARB now has a rack for you!***

Seattle, December 18/ ARB 4x4 Accessories/ -- Need more cargo room but limited to the space in your 4th generation 4Runner (2003-09)? Own a lot of outdoor toys, but don't have an efficient way to carry them? Need a safe way to carry auxiliary fuel cans? ARB is proud to announce the release of 3 ARB Roof Racks for the 2003-09 Toyota 4Runner in steel with a mesh floor, steel with a rail floor and the all new alloy rack with a mesh floor.

All three racks are easy to install and remove, courtesy of a practical mounting system, which also employs a full-length support channel that evenly distributes weight along the full length of the vehicle.

All three racks are in stock and currently shipping.

Steel ARB Rack Features:

- Round steel tube construction for maximum strength and aerodynamics
- Shot blasted and precoated in zinc rich primer with zinc plated mounting legs
- Finished in a durable Millennium grey powder coat, which when combined with zinc coating, provides more than 1,000 hours of salt spray resistance - far in excess of industry standards.
- Your choice of conveniently spaced cross bars or a fully welded steel mesh floor

Alloy ARB Rack Features:

- Cage constructed using a combination of TIG and Cold Metal Transfer (CMT) welding process
- 40% lighter than ARB's steel racks, aluminum racks feature a strong, durable and aerodynamic design
- Features an Amplimesh alloy mesh floor (found in shark cage construction)
- Finished in a millennium grey powder coat for superior appearance and durability
