PRODUCT SPECIFICATION

With the ARB Intensity driving lights growing in popularity there has been a demand from customers for a range of clear, color tinted and solid colored covers.

Manufactured from molded polycarbonate and hard coated for scratch & UV resistance, Intensity Covers are available in clear, amber, blue, red and solid black. These covers suit a range of driving conditions and customer personal tastes while protecting the lens and bezel of the light.

The covers are sold as a pair and come packaged in clear double blister packs.
