

NEW PRODUCT ADVICE

Description: Nitrocharger Sport Long Travel Shocks

Application: Jeep, Land Rover, Range Rover & Nissan Models

Part No: Varies - [Click Here for Application Guide](#)

Retail: \$104.31 - 134.77 (DEPENDENT ON APPLICATION)

The popularity of the Nitrocharger Sport long travel range of shocks has been nothing but outstanding with the sales more than doubling the previous Nitrocharger line and still growing.

This is an obvious endorsement of this great innovative, tough and durable product by the very demanding and discerning off road fraternity.

As the word has spread around the world, owners of competition vehicles not currently in the range have been lobbying Old Man Emu to expand the application line to include other models. Due to the popularity of Toyota, Jeep, Nissan, Land Rover and Range Rover vehicles in competitions all over the world, OME has now expanded the line to include these vehicles.

Therefore, it is with much pleasure that Old Man Emu announces the release of Nitrocharger Sport Long Travel Shock Absorbers to suit:

- **Jeep JK Wrangler**
- **Jeep TJ Wrangler**
- **Jeep XJ Cherokee**
- **Land Rover Discovery Series 1**
- **Land Rover Discovery Series 2**
- **Land Rover Defender 90/110/130**
- **Range Rover to 5/95**
- **Toyota Land Cruiser 80/100 series**

Availability: Stock is available now on Jeep and Toyota applications. Land Rover & Range Rover applications available for pre order.
