FOR IMMEDIATE RELEASE

New 200 Series ARB Rear Protection Bumper ***Protect your investment with this stylish, yet effective rear bar***

Seattle, May 8/ ARB 4x4 Accessories/ -- To complement the growing number of ARB accessories for the latest Toyota Land Cruiser, ARB is proud to announce the rear protection bumper for the Land Cruiser 200 Series.

Offering superb protection, combined with superior clearance and departure angle when compared to the original equipment (OE) plastic bumper, the ARB Rear Protection Bumper is ideal for customers that require a heavy duty rear bumper for protection and recovery, without the need for jerry can or wheel carriers. This rear bumper is especially suited to vehicles fitted with rear OE 2nd wheel carrier, such as models sold in the Middle East.

For customers that require jerry can holders or rear wheel carriers a traditional Protection Bumper is currently under development, and will be available Summer 2009

Features:

- Large radius curves, keeping with the modern shape of the vehicle
- Retains original equipment tow bar
- Increased departure angles and clearance compared to OE plastic bumper
- 3mm steel pan and wing construction
- 4-8mm steel mounting system construction
- Wings feature full length 32" tube bracing for extra strength
- Hi-Lift jacking points with removable covers
- Mounting kit for fitment of ARB or aftermarket mud flaps (OE flares cannot be fitted)
- Integrated reflectors
- Wing cut-outs to retain original rear fog lamps
- Finished in durable black powder coat

-continued on next page-

Available May 2009
